

PRAYER OF CONFESSION

Great God the Almighty we know that you are both a creating and redeeming God. You created this world. Then you filled it with all manner of good things. When it was finished you gave your perfect creation to us, your children, to live in and enjoy. However, as time passed and our understanding of the world around us grew, we began to believe that we no longer needed you. We had a better plan; so we turned our backs on you and put our hope and faith in spirit guides, fortunetellers, and our own technology. Lord, we pray that you will open our hearts and minds so that we might once again hear and understand your holy plan. Help us to realize the dream that you had for us when you created us in your image. In Christ's name we pray. Amen.
